Subject: Application for Full Stack Web Developer Position

Dear Hiring Manager,

I am writing to apply for the Full Stack Web Developer position at ABC Corporation, as advertised on your careers page. I am passionate about building dynamic, responsive web applications and am excited by your company's innovation in modern web solutions.

I have strong proficiency in HTML, CSS, JavaScript, React, Node.js, and MongoDB. Recently, I developed a subscription-based web platform using the MERN stack that increased client engagement by 40%. I also built a real-time quiz app with dynamic backend data updates and user authentication.

Thank you for considering my application. I have attached my resume and portfolio for your review. I would welcome the opportunity to discuss how my skills align with your team's goals.

Sincerely,

Tushar
